

Sea GEM: MEDITERRANEAN HOMERe-GAMe SYMPOSIUM

Civitavecchia, Thursday march 28th 2019

SEA GREEN ECONOMY for MEDITERRANEAN

10h⁰⁰ - 16h⁰⁰

A valuable asset for Youth and its employability

This symposium wants to follow the preparation of the 2Rives Summit of Marseille, June 2019. It is based on the experience of the program HOMERe, of the GAMe group (Giovani Ambasciatori Mediterranei) and of the Mediterranean actors of the Blue Economy.

Agenda

Workshop 1: Sustainable Blue Economy.

Facilitators: Port Authority of Civitavecchia, Sapienza Engineering Faculty, Istituto Baccelli Civitavecchia

How to promote sea culture and sea trades. How to attract youngsters and students to the sea professions?

Workshop 2: Circular Mobility and Legal Migration.

Facilitators: HOMERe and GAMe

Circular mobility based on the needs of companies and local authorities is the axis of development to allow many young people to discover the trades of the sea, their environmental and societal issues and acquire soft-skills thanks to a 6-month internship abroad

Workshop 3: Testimonies from Institutions, Companies and Students. Facilitators: CMU, Port Authorities (Adriatic, Croatia, ...) Companies....

State of the art and proposals for improving education. How can companies, universities and local authorities join their efforts to better educate students to the trade of sea in the spirit of the green economy.

Workshop 4: Action Plan.

Proposals for the future initiatives.

Note: to be confirmed the participation of Municipality of Civitavecchia, Coast Guard of Civitavecchia and Tuscia University
